

Class 19 – Primary School Age Presentation

Due: Friday 17th April 2014, 5.00pm

CREATE A PRESENTATION ON A PROJECT THAT SHOWS THE IMPORTANCE OF THE PRODUCTION OF OUR FOOD RESOURCES.

Most of **our food has to be produced for us**.

Plants are grown, and animals are raised to produce the food we eat everyday. Our farmers produce everything that goes into what we eat, what we wear and how we live. And understanding where it all comes from and the processes that go into making the end product is very important.

Use a **project** that you have underway at school or home that shows where your food comes from, and **develop a power point presentation outlining the project** and the **importance of the product**, and an **oral presentation** to give accompanying the slideshow.

The power point presentation should be submitted on a **thumb drive or disc** to allow **display on a computer** at the Royal Bathurst Show. The text on the slides should be large enough to read on a computer screen 2

meters away. Your entry must be suitable for children 6-12 years old. All the work in the presentation must be the child's own work.

► **Please note** if the project was done at home, entrant is to give oral presentation to Judges as an individual. If the presentation is being developed as a class, two student representatives are to be selected to **orally give the presentation to the Judges**.

Judging guidelines

- The project selected for the project report is directly related to farming and resource production.
- The project selected for the presentation is directly related to farming and resource production.
- All the information presented is factual and related to the project.
- A bibliography for any research is included at the end of the presentation.
- The presentation is neatly organized and well presented.
- Images and illustrations are included to support the information on the presentation.
- The representatives are well presented and have learnt the material.
- The project, research and presentation show originality and creativity.
- Name and contact details are clearly included in the presentation.
